

RacketLogger Logo Guidelines

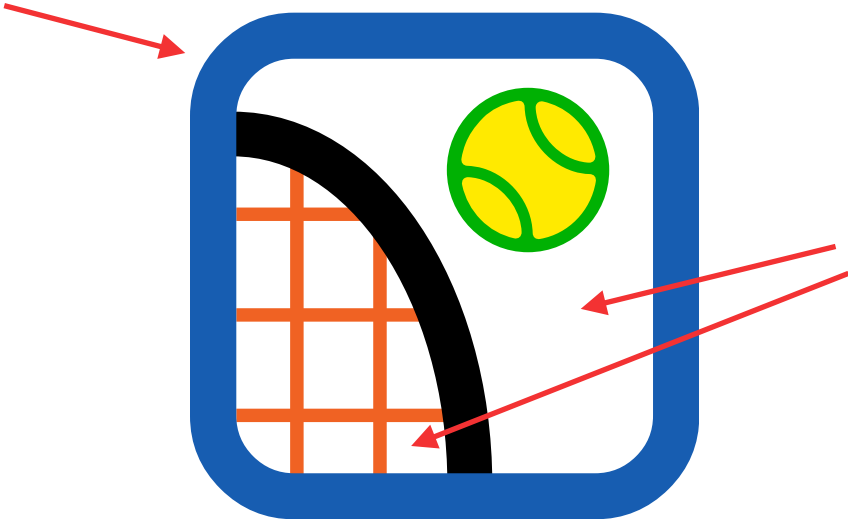

Guidelines for printing and manufacturing

1. The logo is square (i.e. sized equally on both sides - **no distortion** please) with rounded corners
2. The outside of the rounded-corner square is **transparent** (not white)
3. The background inside of the rounded square in blue is **white** (not transparent). This could be transparent in special cases when printing on white surfaces (e.g. stitching on white caps or shirts)

The logo in vector format: <http://help.racketlogger.com/logo.svg> or .ai or .psd or .pdf

Color	RGB Hex Color	Pantone Color
Blue (rounded square)	#003896	Pantone Solid Coated 7455 C
